

# RETAIL STAND SETUP

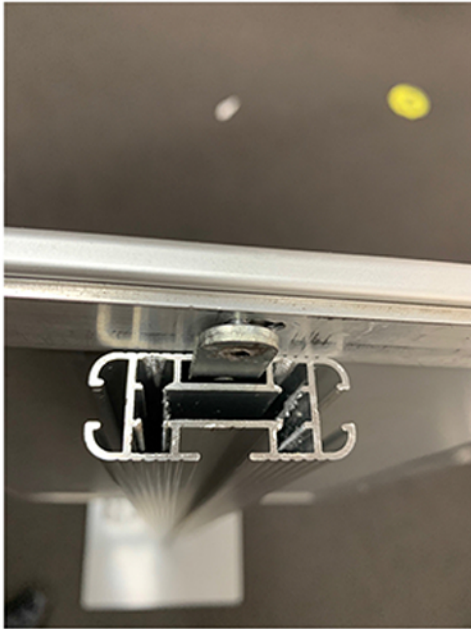

Attach pole to base. There are 4 screws that goes from underneath the base into the pole.

Remove frame from its packaging. Make sure there are 2 attachments on the back of the frame.

As per image above, slide the bottom attachment into the pole channel.

Continue to slide in the frame downwards. Make sure the top attachment goes into the channel as well.

Stop at a desired height and tighten the screws from inside the frame. Please see image above.

Once everything is securely fastened. Insert the cap back onto the top of the pole.
