

Table Information Stand Assembly Guide

Easy assembly instructions | Components and assembly steps

1. Check Your Components

1 x Base

1 x Main body

2 x L brackets

Felt pads

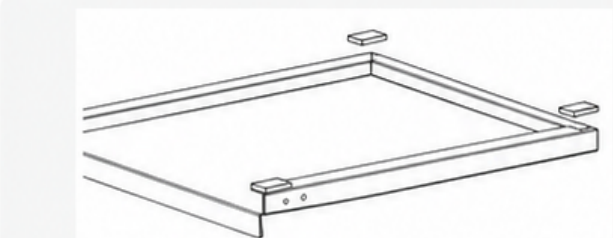

4mm Allen key

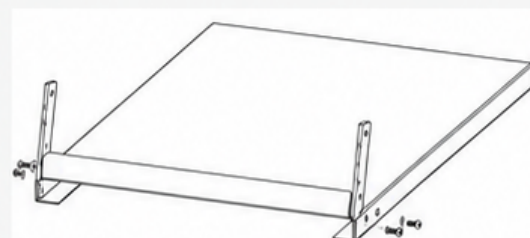

8 x M4 screws
and washers

2. Assemble Your Table Information Stand

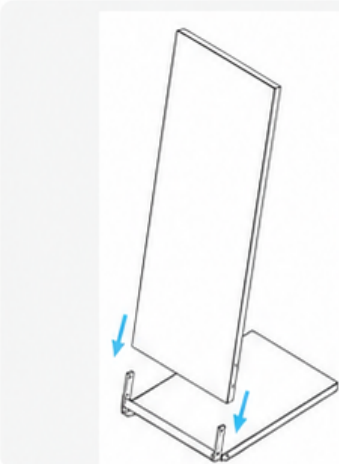

1 Attach felt pads

Attach the included felt pads to the underside of the base.

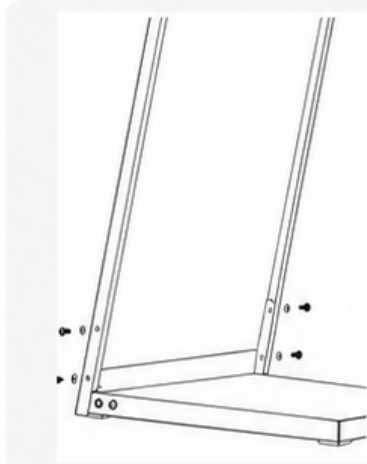

2 Fix L brackets

Attach both L brackets to the base. Short side to base; long side to main body.

3 Position main body

Lower the main body onto the L brackets. For ease, place the base on the floor first.

4 Tighten fasteners

Secure the body to the brackets using screws and washers. Tighten with the Allen key.

5 Stand upright

Position the assembled stand upright on a stable tabletop or counter.
